Erasmus+ 26/06 – 01/07 2017 – Soverato "From European Project Design to ICT tools in Education"

General overview of the program and objectives

The weekly proposed program is structured in 3 main phases

- ≡ GENERAL APPROACH TO EUROPEAN FUNDS – methods, information sources, main guidelines and the actual situation
- ≡ ERASMUS PLUS in general and in details with the vision of already approved projects + a workshop of project ideas raising and writing
- ≡ FOCUS ON COMMUNICATION strategies for dissemination and promotion of project's results

Furthermore, is enriched by

- ≡ Outdoor intercultural learning moments, if possible an excursion
- ≡ Socialization moments coinciding with meals
- ≡ A meeting with beneficiaries of an ongoing project financed by a European fund

Objectives

- ≡ develop key competences of project design, quality check and critical reading of already written projects and submitted with the Erasmus Plus Program
- ≡ work with local teachers on ongoing project design, sharing ideas and developing contacts with Italian schools
- ≡ learn new skills and competences on the use of ICT and young media tools useful for schools development and project promotion
- ≡ develop ideas to build strategic partnerships
